Make the most of your time in the game. Download Jane's Advanced Strike Fighters now. Azbaristan is a post-colonial country that has been forced to rely on the support of its western neighbors. The conflict between the government and the rebels has been going on for years. It is a civil war that has been taking place with no quarter given and no mercy shown. The war started out with aerial bombing and other attacks by the government forces on rebel bases and the support of rebel forces by the former colonial powers. There have been several attempts to bring peace to the region by foreign powers, however the situation has not improved. The civil war has now spilled onto the ground. As you play the game you will be able to command all of the ground forces of the Azbaristani factions. You will also be able to lead your airborne forces in aerial combat against the enemy. You will be able to lead an airborne squadron to attack
