.2mb windows (108 more are available) free games downloads A: The problem is caused by the Steam client. The situation can be easily reproduced if you run an older version of the client in Administrator mode. Note that this will lead to problems with other programs in the computer. Open your Steam library folder and remove or rename the Steam\_Win32\_client\_20170318.exe file, or if you prefer, leave it without changing the Steam\_Win32\_client\_20170318.ini file, that's just a file that contains information about your game that is not necessary in this case. f3e1b3768c
