The Binding of Isaac: Rebirth is an indie run and gun platformer that takes place on a randomly generated 2D level. The player must fight for their life, being down to their last few lives, and then can gain power-ups to power themselves up and become stronger. In the game the player uses items that they find in order to survive the perils of this game and the many, many challenges that come with the game. The player can choose what items to use, and the game gives the player a random combination of items that they must use. The Binding of Isaac is an indie run and gun game which takes place in a randomly generated 2D level. The game is set to a pixel style, and the player can manipulate the color of their character (which is represented by the gray pixel style) and uses items in order to survive. The game was originally a flash game by Edmund McMillen, but was taken to Steam in late 2013. This game was later picked up by GOG.com where they released the game in May of 2015 and made it a completely free game.
