Download

May 9th. , 2019 - When you try to open an Excel workbook, Word document, or PowerPoint presentation using Excel, Word, or PowerPoint, you may receive an error message. In this article, we'll show you how to fix this issue. First you need to understand the error itself. The error in the message says that the file could not be opened because it does not exist. In this article we will tell you what to do in this case.

Method 1: Open the file in a program that it can open To open an Excel, Word, or PowerPoint file that cannot be opened in Office Excel, Word, or PowerPoint, you can open it in another program that will open it.
